

Serial No. 09/739,477
Docket No. NEC PF-2727
Amendment B Under Rule 116

REMARKS

The changes to the Specifications from the last Amendment are hereby resubmitted. The Specification has been amended to correct minor clerical errors, to employ more idiomatic English and to obviate the Examiner's objection. No new matter has been added by these changes.

The indicated allowability of claims 7, 8, 14, 19, 25, 26 and 32 is noted, with thanks. Claim 1 has been amended to incorporate the limitations of claims 3 and 8 which have been cancelled. Claim 7 has been rewritten in independent form. Claims 14 and 19 also have been rewritten in independent form. Claim 21 has been amended to incorporate the limitations of claim 26, which has been cancelled. Finally, claims 25 and 32 have been rewritten in independent form.

The remaining claims depend directly or indirectly on one of the aforesaid claims. Accordingly, it is believed that all of the claims now are allowable over the art.

Having dealt with all the objections raised by the Examiner, the Application is believed to be in order for allowance. Early and favorable action are respectfully requested.

Form PTO-2038 in the amount of \$800.00 for the added claims, is enclosed.
